In that same folder, select the English version of the image you'd like to use on your post.

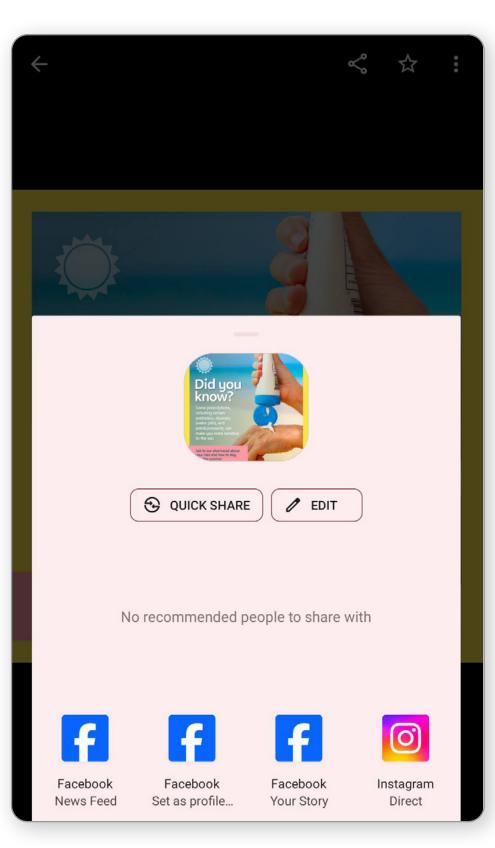

There are a few different ways you can post this image to your Instagram or Facebook feed. The easiest route is to tap on the "share" button on the upper right.

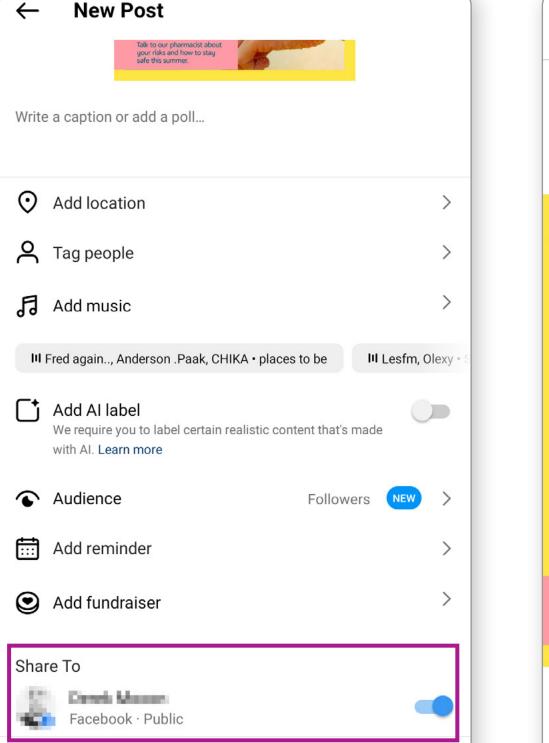

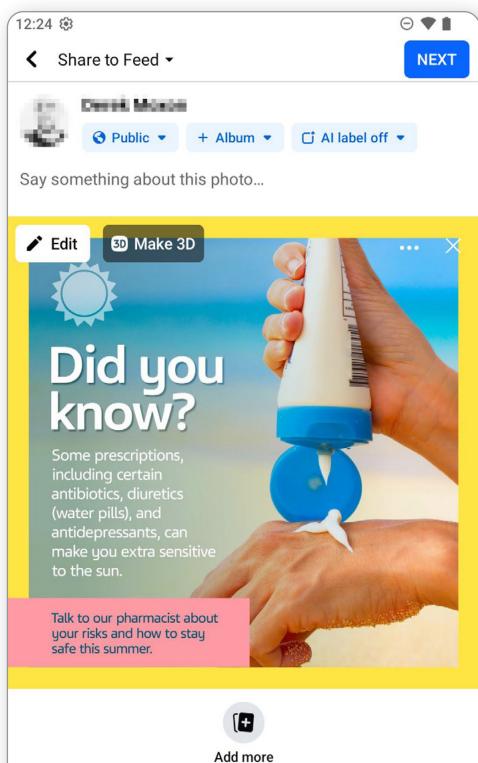

One of the second se

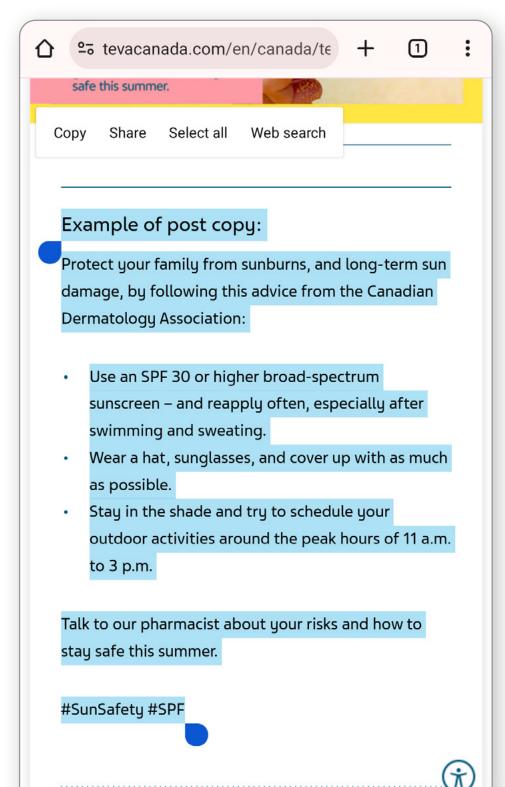

Instagram or Facebook will now ask if you want to add a caption. If you chose Instagram, you may also be asked if you'd like to share the post to Facebook at the same time.

8 Return to your phone's internet browser. On the Teva Social Connect post page, copy all of the caption text by highlighting it and selecting "Copy." You can also copy this text from the Word document that was in the .zip folder along with the image.

Seturn to your Instagram or Facebook post, and paste the caption content into the caption field. Follow the prompts to post your content!
